WELCOME –The Chairman welcomed Councillors and members of the public to the meeting.

No declarations or dispensations were declared.

3. Minutes from Full Council meeting held 15th February 2022

The Minutes of the Full Council meeting held on 15th February 2022 had been previously circulated. It was **RESOLVED TO ACCEPT** these minutes. Cllr Britcher abstained from the vote due to not being in attendance at this meeting.

4. Public Participation

A member of the public queried recent correspondence from Norfolk County Council which detailed the road improvements along Middletons Lane resulting from the Persimmon developer contributions. The member of the public felt that an alternative site for the pedestrian crossing should be considered. Cllr S Gurney advised that the original public consultation for these improvements happened in 2016 and the recent correspondence was for properties near to the proposed crossing to confirm the Road Traffic Order.

A query was received about the opening date for the community centre. There is not a firm opening date but progress meetings with the contractors are due to restart shortly.

5. Reports

Verbal updates were provided by the District and County Councillors present.

HPC Full Council Mins 8th March 2022

- Cllr Britcher welcomed the decision to not raise the council tax at Broadland Council for 2022/2023
- Cllr Prutton outlined the process for the £150 refund for those residing in council tax properties in bands A-D for energy costs and advised there would be discretionary payments for higher bands.
- Cllr Gurney advised that she will confirm the location for the proposed pedestrian crossing on Middletons Lane. The roadworks on the Sweetbriar bridge will continue for 4-5 weeks. She had arranged for traffic lights to be located on the bridge on the diversion route and for wardens to monitor the traffic. A burst water main outside the chemist had resulted in four way traffic lights, but this was now repaired. A new drainage system will be installed at Fifers Lane but the works cannot be postponed to allow other local works to finish. The highways forward plan projects for Hellesdon were outlined and it was noted that the Broadland/South Norfolk Accommodation review remained in progress.
- Beat Officer PC Matt Hill was welcomed to the meeting. He reported that the current Safer Neighbourhood Team priorities are speeding, burglaries and theft from vehicles. A day of action was held on the Reephams Road to take enforcement action against those speeding. The police are aware of the problems with parking outside the school and are trying to book a civil enforcement officer to assist. The new SNT priorities will be speeding and road safety and anti-social behaviour, the latter of which will result in high visibility patrols. The clerk is to find out if the SAM data is sent to the police.

6. Financial Matters

It was RESOLVED TO ACCEPT THE FOLLOWING REPORTS:

- a) Bank Reconciliation – February 2022
- b) Earmarked reserves summary.
- c) Payments – February 2022

The clerk is to report back to council on the overspend on the Inspections budget and the breakdown of the payment to Broadland Council between the by-election recharge and emptying of the dog bins.

7. Planning Committee

The minutes and decisions arising from the Planning Committee meeting held on 15th February had been circulated to councillors. It was **RESOLVED TO NOTE THE MINUTES AND THE DECISIONS MADE**

8. Property, Policy and Resources Committee

The minutes and decisions arising from the Property, Policy and Resources Committee meeting held on 1st March had been circulated to councillors. Cllr Gurney advised that since the committee report was published and distributed to councillors, further work has begun in earnest into investigating the ownership of the street light on the hammerhead at Bush Road. This has involved looking at the original planning application for the allotments and also the works initiated on a Section 38 transfer to Norfolk County Council. She also reported that an inspection has been done of the pianos in the community centre to check for water damage. It has been established that the pianos will need tuning, but there is no evidence of water damage. It was **RESOLVED TO NOTE THE MINUTES AND THE DECISIONS MADE**

The Health and Safety Handbook created by Worknest was presented to the committee. It was **AGREED** that the Clerk should do a thorough review of this document and make recommendations to ensure that it is specific to Hellesdon Parish Council.

7. To Agree Programme for Policy Review

The Clerk reported that there appeared to be several of the council's policies due for review, and a programme to bring these up to date would be created.

8. To Agree Renewal of Parish Insurance Policy

The finance officer had sought quotes for the renewal of the council's insurance policy. This had proven difficult due to the outstanding works on the community centre. It was **AGREED** to renew the insurance policy with Zurich on a 3 year long term agreement at a cost of £9,787.85, which was within the amount budgeted.

9. To Agree Requirements for Policy on Infectious Diseases (including Covid 19)

Discussions occurred as to the issues that may be encountered from 1st April when the government releases all Covid restrictions and free testing ceases. Government guidance is expected on 1st April. It was **AGREED** that this is to be delegated to the Clerk to review these guidelines and incorporate the committee's suggestions, where possible, to create a policy for the council. This will be emailed to the committee upon completion.

10. Exchange of Information

It was raised that a parishioner had complained about a smell coming from the catering at the Whiffler Pub. This was noted as a matter for Environmental Health at Broadland Council. Parking in this area was also discussed.

Date of next meeting: To be agreed

The meeting closed at 9.15pm.

Item 10 – SLCC Conference

Cllr Gurney and the Clerk attended the SLCC Conference on 25th March. During this conference the following presentations were made and subsequent discussions held about Hellesdon.

Speaker: Dr Nigel Hargreaves – Climate Change Commissioner & Founder of Synfo

The rapid increase in climate change was discussed and the impact it will have, not only globally by locally. We discussed 'localising' and 'doing our bit'. Some local options we discussed were:

- 1) Rainwater harvesting from the roof of the community centre, to irrigate the bowling green. *We discussed the extent of the surface area of the community centre roof and feel that this could be explored further to conserve water.*
- 2) For future tree planting schemes, to consider which trees are best at collecting CO² and which would be hardier in the anticipated future climate.
- 3) Prioritising climate in Neighbourhood Plans.
- 4) Looking 'upstream' when it comes to procurement. Are 'cheaper' materials coming from areas of forced labour?
- 5) Paying extra for 'green' electricity
- 6) Community fridges to reduce food waste and support local people.

Speaker: Richard Herrell – Norfolk Fire and Rescue

Community Emergency Planning was discussed. We established that Hellesdon has a community emergency plan for large events such as an incident at the airport or at the Sweet Briar Industrial Estate. But it was unsure if there was a plan in place for small scale incidents whereby local people would need support for a period of time. These events may include localised power failure, localised flooding or snow. *Contact is being made with the Community Resilience officers at Broadland council to progress this further.*

The Emergency Rest Station Box that was always kept in the community centre is now in the parish office for safe keeping.

Speaker: Blachere Illuminations

Blachere discussed more environmentally friendly ways to decorate the parish. We discussed long lasting artificial trees, to prevent real trees being felled:

More details on the Nordika range can be [found here](#)

There may be a possibility for the Bull Roundabout, and also for decorating the community centre, as much of the community centre decorations have become mouldy after being stored for so long in damp conditions.

Decorations made from recycled plastic bottles were also shown. These included snowflakes:

Recyprint

Less plastic bottles for a clean planet

► 500 billion bottles are produced every year and many of them end up being littered or in the oceans.

At Blachere, we have decided to tackle the scourge of plastic pollution by recycling PET (polyethylene terephthalate) from the food industry to create beautiful and innovative decorations using this unique material - rPET (recycled PET).

Indeed, each year, about 8 million tons of waste end up in the oceans and form the 7th continent - a vortex of floating plastics equivalent in size to 1/3 of Europe.

Recycling, creating, innovating.

The bottles we salvage are sorted by colour (from colourless to blue), then crushed into flakes to be shaped for extrusion. The granules resulting from this transformation are then injected into our 3D printers to create unique blue decorations.

This unrivalled method helps to limit greenhouse gas emissions and to keep our nature clean from plastic bottles as far as possible.

The whole range is presented pages 32-33, 110 and 119.

8 recycled plastic bottles are needed to create one flake of 80 cm.

And also flowers and bees

And finally an innovative way of encouraging people to recycle!

Welcome to our Eco Whale

Not only is it made from recycled bottles, it can house an industrial bin in your town centre to collect your residents plastic bottles – genius

And better still it's so cute people just want to come and have their photo taken with it

This MUST help if you have a Climate Emergency plan

Speaker: Rigby Taylor

Representatives from Rigby Taylor discussed the use of wild flowers as part of landscape management in parishes. Project Pollin-8 was also discussed as part of sowing seeds that are particularly attractive to bees, in primarily blue colours.

A free sample of 'Alliance' seeds which consists of cornflowers and poppies will be send to Hellesdon Parish Council for a test area.

Speaker: Green and Clean

'Green' cemeteries and crematoria were discussed and how recent changes in environmental legislation could affect parishes that are responsible for burials.

It was emphasised that cemeteries formed part of land use and sustainability and ought to be lobbied to be part of District Local Plans.

Speaker: Queen's Platinum Jubilee

Discussions occurred about the types of event being held and the insurances to be in place in case of unforeseen incidents.

Hellesdon Parish Council has offered to do a presentation at a future event on community apiaries
