2020325	01 April 2020	Object Whilst noting the Highway Authority's comments we are concerned to note that there are no visibility splays at the vehicular entrance. This could result in danger to pedestrians in particular when vehicles leave the site. If however the District council is minded to approve the application we request that a condition be imposed requiring the fitting of automated gates to prevent vehicles obstructing the footpath or highway whilst the gates are opened manually.	Awaiting Decision
