Records may be created, received or maintained in hard copy or electronically.

- 3.3 To Parish Clerk has been designated the Council's Data Protection Officer (DPO), whose role it is to ensure that the Council processes the personal data of its staff, customers, providers or any other individuals (also referred to as data subjects) in compliance with the applicable data protection rules.

4. Retention Schedule

- 4.1 Under the Data Protection Act 2018 and associated General Data Protection Regulations (GDPR), the Parish Council is required to maintain a retention schedule listing the record series created in the course of its business. The retention schedule sets out the length of time for the retention of each series of records and the action to be taken when records are of no further administrative use.
- 4.2 The Parish Clerk is expected to manage the current record keeping systems in accordance with the retention schedule and to take account of different retention periods when creating new systems.
