## Section 3 – External auditor certificate and opinion 2013/14 Certificate

We certify that we have completed the audit of the annual return for the year ended 31 March 2014 of

HELLEDON PARISH COUNCIL

Council/Meeting

### Respective responsibilities of the council and the auditor

The council is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The council prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2014; and
- confirms and provides assurance on those matters that are important to our audit responsibilities.

Our responsibility is to conduct an audit in accordance with guidance issued by the Audit Commission and, on the basis of our review of the annual return and supporting information, to report whether any matters that come to our attention give cause for concern that relevant legislation and regulatory requirements have not been met.

### External auditor's report

On the basis of our review, in our opinion the information in the annual return is in accordance with proper practices and no matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

Other matters not affecting our opinion which we draw to the attention of the council:

1. In 2013/14 the Council received council tax support grant amounting to £33,096. This grant does not form part of the Precept and should be accounted for in the same way as any other grants received - i.e. included in Section 1, Box 3 of the Annual Return (Other Income), not in Box 2 (Precept). To account for the grant correctly, Box 2 for that year should state £344,744 and Box 3 should state £75,430.
2. Section 1, Box 9: Please note that, as stated in the Practitioners' Guide, local councils should account for fixed assets at their purchase cost. If this is not known, a proxy cost should be substituted (e.g. insurance value). Whatever valuation basis is adopted, this should be applied consistently and the 'book' value should usually stay constant until disposal. Where the insurance value has been used as a proxy, it should not be adjusted for any inflation increases. The commercial accounting concept of depreciation is also not applicable to local councils as the value of assets should not be written down until they are disposed of
3. Section 1, Box 10: The loan balance entered in Box 10 must agree to the year end balance as shown on your latest PWLB statement. The figure as at 31 March 2014 requires restatement to £288,222.
4. Section 4: The work of the internal auditor should cover all relevant boxes in Section 4 or an explanation should be provided for areas not covered, in accordance with the guidance in the Annual Return. No explanation was provided for the fact that internal control 2, regarding the control over expenditure, including application of financial regulations was not covered. It was subsequently confirmed that this control objective is being covered on a three yearly cycle. However, in view of the significance of ensuring there are adequate controls over expenditure (as highlighted in the updated Practitioners' Guide); the Council should consider ensuring that this control objective is covered on an annual basis in future.
