Cllr Maidstone reported that on 8th February he and The Clerk met with representatives of Age UK and The People Kit to discuss the concept of a 'Chatty Bench' in Hellesdon to help reduce social isolation.

It is proposed that The People Kit pay for the bench and then Age UK (Norwich) would promote the bench advertised as a safe place to sit and have a chat with someone who you didn't necessarily know. The idea being it would help forge local connections. If successful, Age UK (Norwich) would look to extend across the city, as it would complement their work on making Norwich an Age Friendly City.

Prior to the meeting, it was thought that the bench could be sited somewhere on the Recreation Ground. However, as part of the site visit it was established that a much better place would be at the front of Diamond Jubilee Lodge, within the garden. This would have the following benefits:

- Be integrated within the complex and not exposed.
- Screened from the car park by vegetation.
- Under CCTV surveillance for safety.
- Regular staff footfall for safety and company.
- Has a regular passing footfall Monday – Friday for people to say 'hello'.
- Provides a 'step' between isolation and social activities based within the community centre and the library.

Approved.....

Date.....

- More accessible to the council to help with understanding of parishioner needs and to signpost for further support.

Members took the opportunity to ask questions of the member of the public to establish whether the allotment site would be the most appropriate area for such a project, given access requirements, security and the allocation of fees and other costs associated with an allotment plot.

Cllr Gurney had made enquiries of the asset management team at Broadland Council and made suggestions of land in the parish owned by Broadland Council that may be more appropriate for such a project.

A query was made of the car park extension at the allotment site. The Clerk advised that planning permission had been given, arrangements just had to be made with the grounds team for installation.

Alternative sites under the ownership of other local authorities and under private ownership were suggested.

Standing Orders were Suspended to Allow for Further Public Participation

A member of the public confirmed that the RHS is doing a campaign to increase the number of community gardens. They can be used for multiple purposes, including growing fruit and vegetables, flowers and herbs. It would be preferred if there was some land available that could be locked at night for added security. There would be a club for the community garden that the Horticultural Association would run to ensure that numbers are limited.

A member of the public raised concerns about the naming of the project a community garden, if not all the community had access to it.

Standing Orders Were Resumed and the Meeting went back into Session

It was **AGREED** that the Parish Council was supportive of a community garden in principle. But it is imperative that all site options were reviewed, particularly those suggested by Cllr Gurney, as concerns had been raised with the siting of a community garden at the allotment site. Cllr Maidstone would be happy to assist the group in looking at areas of land.

b. To Consider whether sale of Honey is Permissible

The Clerk provided a report detailing that under the Allotments Act 1922 (s22) and allotment garden is defined as an area which ‘is wholly or mainly cultivated by the occupier for the production of vegetable or fruit crops for consumption by himself or his family’. It is this definition that leads industry experts, in the form of Paul Clayton to recommend a ‘general prohibition on any “trade or business” being conducted on the allotment garden or any part thereof’. This filters through into the lease that the Parish Council holds on the land, and subsequently the allotment tenancy rules of not allowing use of the plot to carry out any business or grow produce for sale.

Cllr Gurney advised that due to a change in circumstances, she would not be able to continue keeping the bees in the apiary. She will continue to check on the hives to see if the bees have survived the winter.

It was **AGREED** that honey would not be sold from the apiary and that it would be a future agenda item to determine the future used of the apiary.

c. To Agree Split of £200 grant between Community Apiary and Allotment Site

The Clerk reported that, upon suggestion from Broadland Council, a grant application was made to the Veolia Sustainability Fund, primarily for stocking the Community Fridge. To pad out the grant, extra funds were included to supply the apiary, and also for a contribution to the allotments so that these areas of the parish could help with the supply of the community fridge with excess stock. Veolia has advised that the purchase of food to stock the community fridge is not in line with their grant, but they

have awarded the Parish Council £200 to be split between the apiary and the allotments, on the grounds that contributions are made to supply the community fridge.

It was **AGREED** after a proposal from Cllr Maidstone and a second from Cllr Gurney that an interim split of £100 would be made to the allotments and the remaining £100 held over until the future of the apiary was established.

The Clerk will liaise with Haha over contributions to the community fridge, ensuring that there is an understanding that the growing season can be extremely variable.

6. Parks

a) To Receive Report into Recent Issues with Park opening / Closing and to Consider Options

The Clerk provided a report about recent incidents of the parks not being unlocked. One matter had been escalated to the Parish Council's contractor and was being dealt with as part of their internal processes.

There were two reported incidents of parks being closed during the day when the Parish Council was due to be responsible for opening the gates. Members of staff had been spoken to and on both occasions advised that the gates had been unlocked as part of the routine unlocking process. With concerns about unauthorised keys it was **AGREED** that the locks from Mountfield Park and, where possible, Meadow Way be removed from site when the gates are open.

It was reported that, due to increased pressure from members of the public, the Parish Council consider leaving the parks unlocked. The Clerk advised that the Parish Council has a duty under s17 of the Crime and Disorder Act 1998, to give due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area (including anti-social and other behaviour adversely affecting the local environment). The police had been informally consulted on their initial thoughts and had advised that there were noticeable benefits of closing the parks to prevent antisocial behaviour especially during the hours of darkness and cited that in summer an increase of antisocial behaviour at Cottinghams Park because of it being open with no gates / fences to prevent congregation for antisocial behaviour. The police had suggested a compromise of an extension of time. This was already covered in the summer opening hours, and unfortunately could not be accommodated in the winter due to the increased risk to the caretakers as a result of lone working in the dark.

There was also a risk of increased dog fouling in the parks when dogs are let off their leads in darkness and owners cannot see when the dog is fouling.

It was **AGREED** that the park opening times should remain as they are.

7. Items for the Next Agenda

Future use of community apiary.

Update on any further issues with park opening.

Hellesdon Community Café Committee 20th March 2024

As the community café is designed to be low cost in support of local people, it is not in a financial position to recruit further members of staff, but there is an opportunity for volunteering, Volunteering is designed to be of benefit to both the volunteer, allowing for social well-being, and for the Parish Council.

For the café, the work which would be envisaged of a volunteer would be to:

- Take orders politely from customers.
- Operate the till and card machine.
- Clear tables, clean tables and operate the dishwasher.
- Serve cakes from the counter
- Operate the barista machine

Full training will be given by the Parish Council, and the Parish Council would pay for their L2 food safety certificate.

From the perspective of the Community Fridge, a volunteer co-ordinator as well as volunteer collectors will be required, due to the collection times specified by local establishments. The Parish Council is currently on a back up collection from Neighbourly at Aldi in Costessey, although has had no collections as of yet. The community fridge was inspected by Fareshare on 4th March and has been passed through to agreement for collection by local establishments. However the availability of slots is very limited.

The following collection slots have been accepted:

Bookers (Sunday pm)

Tesco Cromer Road (Monday pm)

Makro (Saturday and Sunday pm)

Sunday collections have now been made possible by Sunday opening at the community centre.

Cllr Smith reported that she has a keen volunteer for the café and will pass the details on to the Clerk.

b) To Agree Volunteer Policy and Agreement

A draft volunteer policy and agreement had been circulated to members. It was **AGREED** to adopt these documents, subject to additional clauses on volunteer car insurance, volunteer wellbeing, the accurate recording of mileage and timely payment of expenses by the Parish Council.

7. Items for the next agenda

The draft café survey was shown to members. It was **AGREED** to launch this after the Neighbourhood Plan survey has been completed and the volunteers are in place.

Meeting of Hellesdon Parish Council

9th April 2024

Item 11 – Neighbourhood Plan

The Neighbourhood Plan consultation ran from 1st to 31st March 2024. During this time, 161 surveys were received electronically and 25 completed as a hard copy. The Parish Council's consultants are in the process of analysing the data received from these surveys.

On Friday 22nd March and Saturday 23rd March, councillors manned a consultation event in the council chambers to engage with local people about the Neighbourhood Plan.

On Thursday 14th March, representatives from AECOM visited the parish to assist with the creation of a Design Code for Hellesdon. The meeting began with a meeting on the council chamber to discuss the different aspects of the parish and what the Neighbourhood Plan hoped to achieve from a design code. This was followed by a tour of the parish so AECOM could familiarise themselves with the character of the parish and examples of good design and where design decisions had let the parish down.

The work by AECOM has been funded by a technical support grant.

The next meeting is on Monday 15th April at 7pm.

Meeting of Hellesdon Parish Council

9th April 2024

Item 13 – Waste Contract

a) To Consider Alternative Waste Contract to Encompass Increased Recycling

The Parish Council increased its budget for waste collection for 2024/2025 to assist with increase recycling. Currently the Parish Council only has a general waste collection. Three contractors were contacted with regards to collections for general waste, dry recycling, glass and food waste. The prices per annum were as follows:

	General Waste (1100l)	Dry Recycling (1100l)	Glass (240l)	Food (240l)	TOTAL
Contractor 1*	£832.62	£422.92	£162.24	£162.24	£1580.02
Contractor 2	£1040.65	£598.65	£453.05	£775.45	£2867.80
Contractor 3**	£479.93	£275.55			£754.85

* Includes offer of free glass and food waste collections for the first six months. In Y2 the cost for glass and food collections would be £324.48 per annum, giving an annual cost of £1904.50 per annum.

** Glass can be included in dry recycling . Food waste collection not provided.

Contractor three represents the Parish Council's current contractor. Their prices represent the lower cost, however their customer service has been particularly poor. We were unable to source double lifts when required and their invoicing has been haphazard. It has also become apparent that the records held for the Parish Council were incorrect, with 2no 1100l recycling bins being invoiced for, but general waste bins actually being onsite.

An alternative local contractor has been contacted about purely food waste collections. A weekly collection in a 240l bin would be £598 per annum, whereas a 140l bin would be £416 per annum.

Meeting of Hellesdon Parish Council

9th April 2024

Item 14 – ID Badges

a) To Consider Formal Photographic ID Lanyards for Councillors

A request has been made for councillors to have formal photographic ID cards on lanyards. These would not only give a more professional appearance for councillors when they are acting on behalf of the Parish Council, but would provide a greater level of security than the non photographic badges provided in the office. With councillors becoming more active within the community and attending more engagement events, the need for this has increased.

The cost would be £10 per card + £1.25 per card for a card holder and £1.60 for a lanyard (£12.85 per card + VAT).
