Meeting of Hellesdon Parish Council

11th June 2024

Item 9 – To Receive Update on the Neighbourhood Plan

The Working Group has reviewed the draft Housing Needs Assessment for Hellesdon, as created by AECOM. Comments from the working group have been sent to AECOM, but the draft report suggests that Hellesdon has a requirement for:

- Smaller homes
- Affordable homes, as affordability in Hellesdon is problematic
- Houses for older people
- Specialist accommodation for older people

The draft document will now be sent to Locality for final checks and sign off.

The group is awaiting the Design Code advice from AECOM, which is expected in time for the next meeting on 17th June.

Draft policy ideas were considered and the Parish Council's consultant will create draft policies from these ideas.

A representative from Broadland Council will be attending the next meeting on 17th June to discuss CIL projects.

**Minutes of the Meeting of Hellesdon Neighbourhood Plan Working Group
held on Monday 22nd May 2024 at 7pm
in The Council Chamber, Diamond Jubilee Lodge**

PRESENT:

Cllr S Gurney (Chairman)
Cllr B. Johnson

Cllr L. Douglass
Mrs B. Knowles

In attendance: Mrs F LeBon (Clerk) and Mr M Thompson (Collective Community Planning).

Cllr Gurney opened the meeting at 7pm and welcomed all in attendance. Introductions were made.

1. Apologies for Absence

Apologies had been received from Cllr Barker, Cllr Lowthorpe and Cllr Smith.

2. Declarations of Interest

None declared.

3. To Agree Minutes of the Meeting of 15th April 2024

The draft minutes had been previously circulated and were **AGREED**.

4. To Consider Draft Housing Needs Survey

Mr Thompson summarised the document. It was established that Hellesdon had a need for more:

- Smaller homes
- Affordable homes, as affordability in Hellesdon is problematic
- Houses for older people
- Specialist accommodation for older people

Discussions occurred as to how smaller homes could be accommodated through design in a low density area. Buildings such as maisonettes would help to do this.

The accuracy of para 1.3 was discussed and it was agreed to query with figures with AECOM (128 new homes since 2011, of these 113 were affordable). It was felt that the figure of 128 was incorrect and would be closer to 330.

Discussions occurred as to future proposed development and the need for this to be in keeping with the local area and to address housing needs.

The working group discussed the aging population of Hellesdon and how to support this. It was noted in the HNS para 6.35 that it was cited that most Local Plans required that 'all or a majority of new housing meets category M4(2)' (buildings that can be easily adapted for wheelchair use etc) but the GNLP only required 20%. It was discussed that the evidence in the HNS for an aging population could support a policy for greater than 20%.

Approved.....

Date.....

The Clerk will feedback to AECOM the query and typographical errors with the draft document.

5. To Consider Ideas for Neighbourhood Plan Policies

Mr Thompson provided a summary of the draft policies that had been generated from discussions amongst the working group and the survey results.

Possible allocation sites for Housing for Care were discussed. Collective Community Planning has a standard 'call for sites' form that could be utilised for this purpose. The GNLP rejections are also to be reviewed and known landowners to be approached.

The importance of local businesses and services were discussed and what should be afforded protection under the Neighbourhood Plan. Concerns were raised about the adverse impact on local residents should the post office close. The necessity for a Banking Hub was also discussed.

Improved cycling routes were discussed. Cllr Gurney reported that the consultation for the yellow pedalway would commence within the next fortnight. The Clerk is to arrange for the yellow pedalway plans to be sent to Mr Thompson, and for the consultation details to be placed in Just Hellesdon.

The Clerk is to chase AECOM on the design codes for Hellesdon.

A policy for biodiversity was discussed, with the suggestion that swift bricks could be built into every new property. Hedgerows were also discussed with the possibility of protecting all hedgerows, not just those over 30 years old. Designs which would allow for the movement of animals, such as hedgehog highways and bee lines were also discussed.

6. To Consider Correspondence from Broadland Council regarding Neighbourhood Plan CIL Projects

Correspondence from Broadland Council was reviewed, with an invitation to discuss community planning projects. It was **AGREED** to invite the representative from Broadland Council to the next meeting to be held on Monday 17th June at 7pm to discuss the matter further.

7. Items for the Next Agenda

AECOM Design Code
Discussion with Broadland Council about community projects
Further policy formulation

8. Date and Time of Next meetings

- ◆ Is a major factor in preventing people from enjoying the environment they have chosen to live in.
- ◆ Has an impact on the lives of people within local communities.
- ◆ Contributes to the severity of any road traffic collision.
- ◆ Norfolk Constabulary are committed to working with Road Safety partners to achieve casualty reduction targets, and "reduce the number of people killed and seriously injured on our roads"
- ◆ The Constabulary aim to provide the right level of reassurance and enforcement, but officers cannot carry out speed enforcement checks in every community that wants them on a regular basis. This is where working together can help.
- ◆ We need to enhance our existing methods and want to include the community by recruiting volunteers to be part of our Community Speed Watch initiative.

Community Speed Watch

HOW IT WORKS:

Trained volunteers verify and record the registration numbers of offending vehicles.

These details are forwarded to the Constabulary who will send offenders a letter.

A maximum of two letters will be sent to offenders.

Persistent offenders may be targeted for police enforcement.

Follow-up work on education and enforcement by Norfolk Constabulary and our partners will also take place as appropriate.

Working Together to Make our Communities Safer

What is Community Speed Watch?

The Community Speed Watch (CSW) initiative allows members of the community to address the issue of speeding by becoming actively involved in road safety, monitoring speeds at safe locations with speed detection equipment.

The aim of the CSW initiative is to address the problem of speeding through a partnership of the police, the local community, parish councils and other partners.

The aim of the initiative is NOT to catch as many speeding drivers as possible.

It is to reduce speed in areas of concern, make drivers aware that excessive speed is socially unacceptable, educate drivers about the dangers of speeding and address concerns from local residents about cars speeding through their neighbourhoods.

Police forces across the country implementing Community Speed Watch can show a reduction in overall average speeds and a significant reduction in drivers travelling well above the speed limit.

Together we can make a difference

Summary Of Scheme

There must be a minimum of six volunteers in each CSW scheme.

Volunteers must be over 18 years of age and will be subject to a vetting procedure

Speed checks must be conducted by a minimum of three volunteers.

Volunteers will be required to sign a CSW agreement.

Each CSW scheme must have a co-ordinator to be responsible for the equipment and administration.

The Parish or local Council must support the scheme.

The locations for monitoring are chosen by the scheme, however before approval the site will be risk assessed by a trained member of the Constabulary.

Training for volunteers will include use of the equipment and health and safety issues.

The cost of training volunteers, risk assessing potential sites and ongoing administration is borne by the Constabulary.

Volunteers will be covered by the Constabulary's insurance, although parishes are advised to notify their insurer of their CSW scheme.

The Constabulary will, where possible, provide a full set of equipment to conduct CSW activities.

The aim is to encourage drivers to choose to drive at or below the speed limit.

A maximum of two letters will be sent to the same registered keeper. After this, the vehicle details will be circulated for targeted police intervention

What are the Benefits?

- ◆ **Fewer fatalities and serious injury collisions**
- ◆ **Increase in road safety awareness by and for all road users**

MODEL FINANCIAL REGULATIONS FOR LOCAL COUNCILS

This Model Financial Regulations template was produced by the National Association of Local Councils (NALC) in April 2024 for the purpose of its member councils and county associations. Every effort has been made to ensure that the contents of this document are correct at time of publication. NALC cannot accept responsibility for errors, omissions and changes to information subsequent to publication.

Notes to assist in the use of this template:

- 1) This document is a model for councils of all sizes to use to develop their own financial regulations, suitable for the size of the council and the activities it undertakes.
- 2) Bold text indicates legal requirements, which a council cannot change or suspend.
- 3) For the rest, each council needs to adapt the model to suit its size and structure. For example, some councils have both a clerk and RFO, possibly with several more staff, while others have a single employee as clerk/RFO. Some councils have committees, some have a high level of delegation and some make all decisions at full council meetings. Many now use online payment methods, but others still rely on cheques.
- 4) Curly brackets indicate words, sentences or sections that can be removed if not applicable, or amended to fit the council's circumstances. An example of this is the phrase {or duly delegated committee}, which can be deleted if there are no committees.
- 5) Specific areas that may need adapting:
 - a) In 1.5 – is the Clerk the RFO?
 - b) In 3.3 and 3.4, the words “Governance and Accountability” do not apply in Wales
 - c) In section 4, does the council have committees and how many years are forecast?
 - d) In 5.6, does the council issue an open invitation to tender, or invite specific firms?
 - e) In 5.9, are online prices acceptable evidence?
 - f) In 5.13, 5.15 and 5.17, does the council have committees?
 - g) In 5.16, will a councillor ever be instructed to place an order?
 - h) In 5.20, is there a minimum level for official orders?
 - i) Section 6 includes several alternatives to cover delegation to committees or to officers, approval of invoices individually or in batches, or for approval of regular contractual payments at the beginning of the year.
 - j) Sections 7, 8 and 9 also includes several alternatives, including wording for where the clerk is a signatory. These are intended to allow a council's financial regulations to fit what they actually do, not to force any council to change what they do.
 - k) Section 10 gives two alternatives, with or without petty cash.
 - l) 13.6 has alternatives for VAT-registered and unregistered councils – only use one.
 - m) 13.7 and 13.8 are removable if they don't apply to the council.

- n) Much of Section 16 can be deleted if not applicable.
 - o) 17.3, is the Clerk the RFO or will the RFO consult the Clerk?
- 6) Square brackets indicate where the council needs to specify who, or how much, or what the timescale is. For example [£500] might need to be £100, or [October] might need to be November, or [the council] might need to say the Policy and Resources Committee.
 - a) In 4.1 and 4.7, select the wording for England or Wales, based on your location.
 - b) In Section 4, the council needs to determine the timescale for its budget setting.
 - 7) It is challenging to try to offer guidance on setting financial limits. A council spending £1,000 a year is unlikely to delegate authority to spend £500 to its proper officer, but one spending £5 million a year might regard £5,000 as a reasonable limit. Each council needs to determine its own limits, that help, rather than hinder, its operations.
 - 8) Key limits to set:
 - a) In 5.6, at what limit will the council require a formal tender process to ensure fair competition, rather than just asking for quotes? If this is set too low, it may discourage suppliers. Many small councils might only use formal tenders once every few years.
 - b) In 5.8, at what limit will the council require fixed-price quotes rather than estimates?
 - c) In 5.9, at what level can smaller purchases be made without competition?
 - d) In 5.15, at what level can purchases be made under delegated authority (having complied with the rules about obtaining prices)?
 - e) In 5.18, how much can the clerk commit to spending in an emergency?
 - f) In 6.9, can payment of invoices (for purchases that have already been authorised) be authorised by an officer under delegated authority as a general principle, or only to avoid problems?
 - g) In Section 9, what are the limits for card payments?
 - h) In 16.5, what value of assets can be bought or disposed of, without seeking council approval?
 - 9) The contents list is a table that extracts section headings from the document. It can be updated by clicking on the contents list, whereupon a tab saying “update table” appears at the top of the list.
 - 10) Once this model has been tailored to fit the council’s needs, the resulting Financial Regulations (with the insertion of the council’s name at the top) should be adopted at a meeting of the full council. The date of adoption should be inserted below the Contents. Any subsequent proposal for amendment should also be made to the full council.
 - 11) The council should keep abreast of developments in legislation that affect the local council sector and should review and update its Financial Regulations annually.
 - 12) Please ensure that the latest approved version is published on the council’s website.

Meeting of Hellesdon Parish Council

11th June 2024

Item 12 – Family Hub

A) To Agree Family Signage and Location Requests.

The Family Hub would like permission to install the following signage to help promote their location within the vicinity:

Advice has been sought with regards to attaching this sign without any mechanical fixings which risk damaging the shutter, and the recommendation is to use an industrial strength double-sided foam tape in conjunction with an adhesion promoting primer.

Due to the size of the sign (1000mm x 200mm) this will be more than adequate to hold. All surfaces will be prepared before installation too.

Fence sign – 1000mm x 600mm high

b) To Agree in Principle to Extension of Lease into Back Store and Internal Alterations

The success of the Family Hub has meant that space within the hub is limited, especially for confidential works. To hold sensitive conversations, the Hub books the Westwood room which is inconvenient for short notice meetings as a result of a family drop in, and the room is sometimes not available.

To the rear of the Family Hub is the old police office, which is now used as a store room by the Parish Council. Discussions have been held about knocking the two rooms through so that the Family Hub can have a small space for confidential discussions in close proximity to their office.

NPS has been working on a proposal that would involve installing a door (fire rated) between the old parish office and the store room behind the office. The Family Hub would also look to utilise the area directly behind the store room to be used as an entrance and a place to leave buggies. They would replace our double gates which lead out on to the driveway, with v-mesh fencing
